Driving Experience.®

DROP-OFF LOCATIONS. **IMPORTANT INFORMATION.**

All drop-off locations require at least 4 days advance notice to schedule a drop-off appointment either by phone or email. Drop-off locations (with the exception of Munich) are open Monday to Friday only. All locations are closed on Sundays, German holidays and scheduled holidays.

Please remove all personal items and accessories (such as the first aid kit and hazard warning sign). These items are not covered by insurance. Only the spare tire, jack, and tools can be shipped with the car. It is recommended that the exterior of your vehicle is clean before you initiate shipment to Canada. You may want to visit a car wash prior to dropping off your car, especially if you have traveled long distances in Europe.

To contact drop-off locations by phone:

From Canada: When you are calling the drop off locations from Canada, you have to dial 011 and then the country code i.e. 011 49 for Germany, 011 33 for France, 011 41 for Switzerland and so on.

From within Europe: When you are calling the drop off locations from within Europe, you have to dial 00 then the country code i.e. 00 49 for Germany, 00 33 for France, 00 41 for Switzerland and so on.

From within the country you are dropping off: When you are calling from within the country you are dropping off, please enter a 0 in front of the area code (i.e. Munich 089).

Drop-off locations are closed on weekend and holidays. To avoid unexpected closings, please check the tourist website for the country that you are planning to visit to view their specific holidays.

- The Munich location is open on Saturdays by appointment only.
- Vehicles dropped off in Italy are subject to prior arrangements and an additional charge. Cars are driven to Munich for truck transfer to port of exit.
- Please ensure your vehicle is clean when you are dropping it off, if necessary please visit a car wash. This is to ensure there are no damages before shipment back to Canada.
- Remove all personal items from the car, first aid kit, warning triangle and brackets.
- Your vehicle must have license plate, Owners Portfolio (manual), and Customer documentation (registration, insurance).
